CONGRESS & COMMUNICATION

# Invitation

It is my distinct honour and privilege to extend to you an invitation, on behalf of the Scientific Board, to attend the "Second International Symposium - Pelvic Floor Disorders: Focus on," organized by the Italian Unitary Society for Coloproctology (SIUCP)

This symposium is scheduled to take place in Rome-Pomezia, Italy, from June 14th to 16th, 2026, and promises to be a significant event in the field of colorectal disorders.

The "Second International Symposium - Pelvic Floor Disorders: Focus on" is a congress of profound international importance, bringing together leading experts, clinicians, and researchers from across the globe to share their insights, research findings, and innovations in the field of colorectal and pelvic floor disorders.

This symposium serves as a platform for cross-border collaboration, promoting international partnerships and the exchange of invaluable knowledge.

The symposium is poised to offer a unique opportunity for attendees to engage with experts from different parts of the world and gain a comprehensive understanding of the latest developments in colorectal and pelvic floor disorders.

Korean Society of Coloproctology (KSCP) and Romanian Society of Coloproctology (RSCP) will participate with a delegation, demonstrating our friendship and close partnership. Egypt, England, France, Lithuania, Mexico, Morocco, Nigeria, Poland, Portugal, Serbia, Spain and Germany will also be represented with famous speakers.

A special space will be reserved to "Annals of Coloproctology", currently the official journal of the Korean Society of Coloproctology (KSCP), the Asia Pacific Federation of Coloproctology (APFCP), the -ETS (SIUCP-ETS), the Nigerian Society for Colorectal Disorders (NSCRD), and the Society of Colorectal Surgeons, Singapore (SCRS).

Many clinicians aspire to a multidisciplinary approach to the management of colorectal and pelvic problems, and the first step in widening the horizons of each of us is to communicate with our peers and colleagues from other specialties.

We hope for a strong and productive discussion among all the involved professional roles, working together to ensure better solutions for patients with colorectal and pelvic floor disorders.

That is the aim of this conference.

More than 300 participants will attend the meeting and pre-meeting courses based on new technologies, such as Laser in Coloproctology, HRA-anoscopy and anal precancerosis, Pelvic Floor Rehabilitation, Sacral Neuromodulation, Anorectal Manometry and Anal Endosonography and Colorectal Anastomotic Workshop.

I hope you enjoy the various activities and meetings, as well as the social events that make up the official program listed below.

I look forward to meeting you.

Pasquale Talento  
Chairman Organizing Scientific Committee  
President of SIUCP-ETS

# PELVIC FLOOR 2026 DISORDERS: FOCUS ON

## PRE-MEETING COURSES

EAUS & ANORECTAL  
MANOMETRY

---

HRA ANOSCOPY  
AND ANAL PRECANCEROSIS

---

SACRAL NEUROMODULATION

---

LASER IN COLOPROCTOLOGY

---

COLORECTAL ANASTOMOTIC  
WORKSHOP

---

PELVIC FLOOR REHABILITATION

---

## INTERNATIONAL MEETING

June 14<sup>th</sup>-16<sup>th</sup>, 2026

## MAIN TOPICS

ANATOMY, PHYSIOLOGY  
AND PELVIC FLOOR IMAGING

---

ANAL FISSURE AND HEMORRHOIDS

---

ANAL AND RECTOVAGINAL FISTULA

---

LASER IN COLOPROCTOLOGY

---

PELVIC ORGAN PROLAPSE  
OUTLET OBSTRUCTION SYNDROME

---

CONSTIPATION AND FECAL INCONTINENCE

---

IRRITABLE BOWEL SYNDROME

---

SACRAL NEUROMODULATION

---

INFLAMMATORY BOWEL DISEASES

---

ANAL PRECANCEROSIS AND ANAL  
CANCER HRA ANOSCOPY

---

PELVIC FLOOR REHABILITATION

---

# INTERNATIONAL MEETING

June 14<sup>th</sup>-16<sup>th</sup>, 2026, Conference Hall

## Preliminary Program

DAY 1: June 14<sup>th</sup>, 2026, Conference Hall

**13.00** Welcome and Registration

### SESSION I: UPDATE ON ANAL FISSURE AND HEMORRHOIDAL DISEASE

**14.00** SIUCP GUIDELINES: Anal Fissure

**14.15** Fissurectomy and anoplasty - Video

**14.30** Lateral sphincterotomy-Video

**14.45** SIUCP GUIDELINES: Hemorrhoids

**15.00** Outpatient and Radiological Techniques: Evolution and State of the Art

**15.15** Hemorrhoid Surgery: Removal vs. Pexia

**15.30** Hemorrhoid Treatment: Radiofrequency vs. Laser

**15.45** Surgical techniques: How I do it  
Hemorrhoidectomy - video

Transanal dearterialization and anopexy- Video

Stapled haemorrhoidopexy-Video

Laser hemorrhoidoplasty-Video

Rafaello - Video

**16.15** Discussion

**16.30** Stands And Exhibit- Coffee Break

### SESSION II: FOCUS ON ANORECTAL AND RECTOVAGINAL FISTULAS

**17.00** Anorectal fistulas: diagnosis and classification

**17.15** Anorectal Fistulas and Abscesses: ultrasound and imaging beyond ultrasound

**17.30** Treatment of anorectal abscesses and fistulas: traditional surgical procedures

**17.45** Treatment of anorectal fistulas: the use of new technologies

**18.00** Rectovaginal fistulas: which surgical procedure?

**18.15** Discussion

**19.00** Welcome Cocktail

### OFFICIAL CONGRESS OPENING: ISTITUTIONAL AND SCIENTIFIC AUTHORITY

SIUCP-ETS and ANNALS OF COLOPROCTOLOGY- INTERNATIONAL SPEAKERS

June 14<sup>th</sup>, 2026  
Conference Hall

# INTERNATIONAL MEETING

DAY 2: June 15<sup>th</sup>, 2026, Conference Hall

**08.00** SIUCP MEMBERS' ASSEMBLY

## **SESSION III: Joint SIUCP - KSCP Session - Redefining Quality and Precision in Colorectal Cancer Surgery**

**08.30** Imaging in Recto-Anal Neoplasms: Ultrasound, CT and MRI

**08.45** Textbook Outcomes in Colon Cancer Surgery:  
Benchmarking Surgical Quality in Contemporary Practice

**09.00** Minimally Invasive Surgery for Colon and Rectal Cancer:  
Laparoscopy versus Robotics in Real-World Practice

**09.15** Tandem Talk (Italy–Korea): Structured Debate – How Radical Should  
Colon Cancer Surgery Be in 2026? Complete Mesocolic Excision  
and Central Vascular Ligation versus Tailored Lymphadenectomy

**09.45** Tandem Talk (Italy–Korea): Rectal Cancer Surgery  
after Total Neoadjuvant Therapy:  
Does Tumor Response Change the Operation?

**10.15** Beyond Standard TME: Lateral Pelvic Node Dissection  
and Extramesorectal Disease  
Selective indications, nerve preservation,  
and functional trade-offs

**10.30** Function as an Oncologic Endpoint: Surgical Strategies  
to Prevent LARS after Rectal Cancer Surgery

**10.45** Discussion

**11.00** Stands And Exhibit - Coffee Break

**June 15<sup>th</sup>, 2026  
Conference Hall**

# INTERNATIONAL MEETING

DAY 2: June 15<sup>th</sup>, 2026, Conference Hall

## SESSION IV: HPV ANAL LESIONS: FROM INFECTION TO ANAL CANCER

- 11.30** HPV Infection: Biology, epidemiology, vaccination and its utility after the treatment of anal H-SIL
- 11.45** Is the Screening of anal HPV lesion useful? Indications and cost benefit of different populations at risk.
- 12.00** Diagnosis of precancerous lesions: Is really HRA (High-Resolution Anoscopy) the gold standard? A comparison between screening tools. Role of conservative treatment of precancerous lesions
- 12.15** Results, recurrences and progression to cancer to ablative treatments: electrocautery, laser, wide local excision
- 12.30** Diagnosis and treatment of anal cancer
- 12.45** Discussion
  
- 13.00** LECTURE: OASIS - SIUCP GUIDELINES
  
- 13.30** Stands And Exhibit - Lunch

## SESSION V: DIVERTICULAR DISEASE

- 14.00** Redefining indications for elective sigmoid resection in diverticular disease: from episode counting to risk-based decision making
- 14.15** Management of acute complicated diverticulitis: therapeutic algorithms
- 14.30** Long-term functional outcomes after surgery for diverticular disease: how to do better?
- 14.45** Hartmann's procedure versus primary anastomosis in Hinchey III-IV diverticulitis: evidence for surgical practice
- 15.00** Discussion
- 15.30** Social Event
- 21.00** Social Dinner

June 15<sup>th</sup>, 2026  
Conference Hall

# INTERNATIONAL MEETING

DAY 3: June 16<sup>th</sup>, 2026, Conference Hall

- 08.00** "ANNALS OF COLOPROCTOLOGY" - OFFICIAL JOURNAL  
KSCP Korean Society of Coloproctology  
APFCP Asia Pacific Federation of Coloproctology  
SICUP-ETS Unitary Italian Society of Colon-Proctology  
NSCRD Nigerian Society for Colorectal Disorders  
SCRS Society of Colorectal Surgeons, Singapore

## SESSION VI: INFLAMMATORY BOWEL DISEASES

- 08.30** New frontiers in medical therapy for Crohn's disease:  
from steroids to small molecules
- 08.45** Surgical approach to Crohn's disease, the concept of early  
surgery, and anastomotic options
- 09.00** Indications and role of segmental colon resections  
in ulcerative colitis
- 09.15** Impact of colectomy and restorative techniques on pouch function  
after IPAA in UC
- 09.30** Discussion
- 10.00** LECTURE: IRRITABLE BOWEL SYNDROME AND NEW THERAPEUTIC  
STRATEGIES
- 10.30** Stands And Exhibit - Coffee Break

## SESSION VII: INEFFECTIVE DEFECCATION SYNDROME: FROM INTEGRATED DIAGNOSTICS TO SURGICAL INNOVATION

- 11.00** Clinical framework: ODS phenotypes and severity  
scoring systems.
- 11.15** Instrumental diagnostics: Pelvic Floor Overview,  
Cinedefecography and MRI
- 11.30** Pelvic Endosonography Asset: Dynamic ultrasound and the role  
in dynamic multi-compartment evaluation.
- 11.45** Anorectal manometry and pelvic floor functional evaluation
- 12.00** STARR (Stapled Trans-Anal Rectal Resection): Clinical indications  
and managing technical limitations. VIDEO.
- 12.10** Ventral Rectopexy: Surgical technique and patient selection  
criteria. VIDEO
- 12.20** POPS (Pelvic Organ Prolapse Suspension): Focusing on pelvic  
viscera suspension. VIDEO
- 12.30** TPS (Transverse Perineal Support): Restoring transverse perineal  
support. VIDEO
- 12.40** Closing Keynote: Beyond the Technique. SIUCP guidelines
- 13.00** Discussion
- 13.30** Stands And Exhibit-Lunch

June 16<sup>th</sup>, 2026  
Conference Hall

# INTERNATIONAL MEETING

DAY 3: June 16<sup>th</sup>, 2026, Conference Hall

## SESSION VIII: FECAL INCONTINENCE

- 14.00 From symptoms to diagnosis: how to recognize, classify, and address anal incontinence in clinical practice
- 14.15 Functional and instrumental diagnostics of anal incontinence: what is really needed?
- 14.30 Conservative treatments for anal incontinence before the scalpel: effectiveness and limitations
- 14.45 Role of pelvic floor rehabilitation
- 15.00 Surgery in anal incontinence: from patient selection to technique, when and how to operate
- 15.15 Actual role of sphincteroplasty
- 15.30 Puborectal flap for anal sphincter repair
- 15.45 Fascia lata flap for fecal incontinence
- 16.00 Discussion
- 16.30 Coffee Break- Stands And Exhibit

## SESSION VII: PELVIC PAIN AND PUDENDAL NEURALGIA

- 17.00 Pudendal Neuralgia - An Overview -
- 17.15 Role of the rehabilitation from diagnosis to treatment of pelvic pain
- 17.30 Medical Treatment of Chronic Pelvic Pain and Use of Radiofrequency
- 17.45 Discussion
- 18.00 Closing Day

June 16<sup>th</sup>, 2026  
Conference Hall

# PRE-MEETING COURSES

## 1) EAUS & ANORECTAL MANOMETRY COURSE

June 13<sup>th</sup>, 2026 timetable 13.30-18.30, Secondary Hall  
Selene Hotel - Pomezia-Roma- Italy

### FIRST CHAPTER:

#### Endo Anal-Endo Rectal- Trans Vaginal-Trans Perineal Ultrasound Course.

Purpose and Objectives:

- 1. Introduction of pelvic ultrasound
- 2. Role of EAUS-ERUS-TVUS-TPUS in anorectal and pelvic diseases

- 13.30** Introduction
- 14.00** Physical principles of US and normal US of pelvic floor
- 14.30** Sphincter lesions.
- 15.00** Anal abscess and fistulas.
- 15.30** Rectal and Anal Cancer Staging
- 16.00** Coffee Break

### SECOND CHAPTER:

#### Anal Manometry Course.

Purpose and Objectives:

- 1. Update and Clinical role of anal manometry
- 2. Interpretation of anal manometry data

- 16.30** Anal Manometry, what is it for and when should be done?
- 17.00** Difference between standard and clinical manometry
- 17.30** How to perform clinical manometry step by step  
and Clinical cases
- 18.00** Q&A
- 18.30** ECM quiz - End Session

Il corso attribuisce i crediti formativi ECM

June 13<sup>th</sup>, 2026  
Secondary Hall

# PRE-MEETING COURSES

## 2) HRA ANOSCOPY AND ANAL PRECANCEROSIS

June 14<sup>th</sup>, 2026 timetable 08.30-13.30, Secondary Hall  
Selene Hotel - Pomezia-Roma- Italy

### Programma Preliminare

- 08.30 Registrazione dei partecipanti - Introduzione e obiettivi del corso
- 09.00 HPV: epidemiologia e classificazione lesioni HPV-relate
- 09.15 Displasia e lesioni HPV: il ruolo dell'anatopatologo
- 09.30 Diagnosi delle lesioni precancerose
- 09.45 Ruolo del vaccino
- 10.00 Anal cancer screening
- 10.15 Discussione e domande
- 10.30 Coffee Break
  
- 11.00 Anoscopia ad alta risoluzione
- 11.15 La nuova tecnologia applicata
- 11.30 Trattamento delle lesioni precancerose
- 11.45 Discussione e domande
- 12.00 Sessione interattiva: video-imaging di HRA e discussione casi clinici e modalità di trattamento
- 12.30 Hands on - HRA con guida tutor – Stazioni Diagnostiche
- 13.00 Test di verifica ECM
- 13.30 Chiusura corso

Il corso attribuisce i crediti formativi ECM

June 14<sup>th</sup>, 2026  
Secondary Hall

## PRE-MEETING COURSES

### 3) SACRAL NEUROMODULATION

June 14<sup>th</sup>, 2026 Timetable 08.30 -13.30, Secondary Hall  
Selene Hotel - Pomezia-Roma- Italy

- 08.30 Welcome and training day summary
- 09.00 Basics for diagnosis of fecal incontinence
- 09.30 Management /Surgery for fecal incontinence
- 10.00 SNS indications, patient selection and MoA
- 10.30 Discussion

10.45 Coffee Break

- 11.00 SNM in the Management of Low Anterior Resection Syndrome (LARS)
- 11.30 Trial SANLARS - Results -
- 12.00 Double incontinence and multidisciplinary approach
- 12.30 SNS implant technique and patient management
- 13.00 The right device for the right patient: Q&A - ECM quiz -
- 13.30 End Session

Il corso attribuisce i crediti formativi ECM

June 14<sup>th</sup>, 2026  
Secondary Hall

## PRE-MEETING COURSES

### 4) LASER IN COLOPROCTOLOGY

June 13<sup>th</sup>, 2026. Timetable 13.00-18.30, Secondary Hall  
Selene Hotel - Pomezia-Roma- Italy

#### Preliminary Program

- 13.00 Welcome
- 13.30 Presentazione della Eufoton Academy for Proctologists – ELAPSS
- 14.00 Trattamento Laser Eufoton assistito della Malattia emorroidaria sintomatica  
Presentazione con Video e Discussione
- 14.45 Trattamento Laser Eufoton assistito delle Fistole Anali  
Presentazione con Video e Discussione
- 15.30 Trattamento Laser Eufoton assistito del Sinus pilonidalis sacro-coccigeo  
Presentazione con Video e Discussione
- 16.30 Coffee Break - Ticket Coffee
- 17.00 Trattamento Laser Eufoton assistito della Miscellanea Proctologica  
(Ragade anale, Patologia HPV-relata)  
(Presentazione con Video e Discussione)
- 18.00 Closing Remarks Q&A -ECM quiz
- 18.30 End Session

Il corso attribuisce i crediti formativi ECM

June 13<sup>th</sup>, 2026  
Secondary Hall

# PRE-MEETING COURSES

## 5) COLORECTAL ANASTOMOTIC WORKSHOP

June 13<sup>th</sup>, 2026. Timetable 08.30-13.30, Secondary Hall  
Selene Hotel - Pomezia-Roma- Italy

### Preliminary Program

- 08:30** Intestinal Anastomotic Principles
- 09:00** Right hemicolectomy: step by step procedure. Anastomotic techniques
- 09:30** Left hemicolectomy: step by step procedure. Anastomotic techniques
- 10:00** Anterior resection: step by step procedure. Anastomotic techniques
  
- 10.45** Coffee Break
  
- 11.00** Stapled prolassectomy and Stapled TransAnal Rectal Resection:  
step by step procedure
- 11:30** Hands on: Exercise on pelvic simulator with tutor
- 13:00** Q&A - ECM quiz
- 13.30** End Session

Il corso attribuisce i crediti formativi ECM

*June 13<sup>th</sup>, 2026  
Secondary Hall*

# PRE-MEETING COURSES

## 6) PELVIC FLOOR REHABILITATION

June 13<sup>th</sup>, 2026 Timetable 09-18.30

June 14<sup>th</sup>, 2026 Timetable 09-13.30

Corso di Riabilitazione nelle disfunzioni Coloproctologiche  
Teoria e Pratica secondo linee EBM Riservato a medici e fisioterapisti.

### Programma Preliminare

#### DAY 1

**09.00** Anatomia della Pelvi, del Retto e dell'Ano

**09.30** Fisiologia della defecazione

**10.00** Principali quadri disfunzionali

- Stipsi rallentato transito
- Ostruita defecazione: prolasso rettale, rettocele
- Defecazione inefficace
- Dissinergia

**11.00** Coffee break- Ticket coffee

**11.30** Principali quadri disfunzionali

- Incontinenza fecale
- Urgenza defecatoria
- LARS

**12.00** Principali metodiche strumentali in coloproctologia

- Ecografia anale
- Manometria anorettale
- Defecografia/Tempo di Transito
- Studi Neurofisiologici

**13.00** Light Lunch

**14.00** Cenni sulle principali tecniche chirurgiche

- prolasso emorroidario e ragade anale
- fistole anali
- incontinenza fecale
- ragade anale
- ODS

June 13<sup>th</sup>, 2026  
Secondary Hall

- 15.00** La riabilitazione in coloproctologia
- Valutazione fisioterapica
  - Anamnesi e test
  - Es. obiettivo Posturale
  - Es. obiettivo Distrettuale
  - Es. obiettivo Pelvico interno ed esterno

**16.00** Coffee break- Ticket coffee

- 16.30** Principali tecniche riabilitative
- Biofeedback
  - Chinesiterapia
  - Elettrostimolazione
  - TTNS
  - Rieducazione comportamentale
  - Massaggio colico

**17.00** Demo Valutazione Paziente

- 17.30** Analisi postura, respirazione, manovra di sforzo, analisi spinta defecatoria  
Come distribuire l'attività riabilitativa nelle principali patologie
- Incontinenza fecale
  - ODS
  - LARS
  - Dissinergia

**18.30** Fine giornata

**20.00** Cena

**June 13<sup>th</sup>, 2026  
Secondary Hall**

# PRE-MEETING COURSES

## 6) PELVIC FLOOR REHABILITATION

June 13<sup>th</sup>, 2026 Timetable 09-18.30

June 14<sup>th</sup>, 2026 Timetable 09-13.30

Corso di Riabilitazione nelle disfunzioni Coloproctologiche  
Teoria e Pratica secondo linee EBM Riservato a medici e fisioterapisti.

### Programma Preliminare

#### DAY 2

- 09.00** La terapia riabilitativa: Incontinenza fecale
  - Biofeedback EMG e pressorio
  - PFM
  - Elettrostimolazione e TTNS
- 10.00** La terapia riabilitativa: ODS
  - Biofeedback EMG pressorio
  - PFM
  - Elettrostimolazione e TTNS
  - Massaggio addominale/terapia manuale
- 10.30** Coffee break- Ticket coffee
- 11.00** La terapia riabilitativa: Dissinergia
  - Biofeedback EMG e pressorio
  - PFM
  - Elettrostimolazione e TTNS
  - Terapia manuale
- 12.00** La terapia riabilitativa: LARS
  - Biofeedback EMG e pressorio
  - PFM
  - TTNS
- 13.00** Irrigazione transanale: Principi e tecnica  
Ruolo nella stipsi, nell'incontinenza fecale e nella LARS
- 13.30** Fine giornata- Consegna questionari ECM

June 14<sup>th</sup>, 2026  
Secondary Hall

Il corso attribuisce i crediti formativi ECM

# PELVIC FLOOR 2026 DISORDERS: FOCUS ON

Rome - Italy
